Summary

I am an aspiring Data Analyst / Business Analytics professional with a strong interest in data-driven decision making.

I am currently learning and practicing Excel, SQL, Python, and Power BI to analyze data, create dashboards, and generate business insights.

I enjoy working with data, cleaning datasets, finding patterns, and presenting insights in a simple and meaningful way. My goal is to start my career as an entry-level Data Analyst or Business Analyst and continuously grow my skills in analytics and BI tools.

I am open to internships, entry-level opportunities, and learning collaborations.
